

2015 CCO Incentive Measure Benchmarks

Updated November 24, 2014

The Metrics & Scoring Committee has selected the measure set, adopted updated benchmark and improvement targets, and selected challenge pool measures for 2015, reflecting improved CCO performance. Challenge pool measures are indicated with an asterisk in the measure column below.

Measure	2015 Benchmarks	2015 Improvement Targets
Adolescent well care visits	62.0% <i>2014 national Medicaid 75th percentile (administrative data only)</i>	Minnesota method with 3 percentage point floor.
Alcohol and drug misuse (SBIRT)*	12% <i>Metrics TAG recommendation, weighted to accommodate inclusion of adolescents.</i>	Minnesota method with 3 percentage point floor. ¹
Ambulatory care: Emergency department utilization	39.4/1,000 member months <i>2014 national Medicaid 90th percentile</i>	Minnesota method
CAHPS composite: Access to care	87.2% <i>2014 national Medicaid 75th percentile; weighted average of adult and child rates</i>	Minnesota method with 2 percentage point floor
CAHPS composite: Satisfaction with care	89.6% <i>2014 national Medicaid 75th percentile; weighted average of adult and child rates</i>	Minnesota method with 2 percentage point floor
Colorectal cancer screening	47% <i>Metrics & Scoring Committee consensus</i>	Minnesota method with 3 percentage point floor
Controlling hypertension	64% <i>2014 national Medicaid 75th percentile</i>	N/A – 2015 is first year of pay for performance on this metric

¹ The 2015 improvement targets for SBIRT will be based on CY 2014 performance, recalculated to include adults and adolescents. Note the 2014 SBIRT measure does not include adolescents; CCO performance in 2014 will be determined only on adults.

Measure	2015 Benchmarks	2015 Improvement Targets
Dental sealants on permanent molars for children	20% <i>Metrics & Scoring Committee consensus; based on national EPSDT data and HP2020 goals.</i>	Minnesota method with 3 percentage point floor Use 2014 baseline to calculate improvement targets.
Depression screening and follow up*	25% <i>Metrics & Scoring Committee consensus</i>	N/A – 2015 is first year of pay for performance on this metric
Developmental screening*	50% <i>Metrics & Scoring Committee consensus</i>	Minnesota method
Diabetes: HbA1c poor control*	34% <i>2014 national Medicaid 75th percentile</i>	N/A – 2015 is first year of pay for performance on this metric
Effective contraceptive use	50% <i>Metrics & Scoring Committee consensus</i>	Minnesota method with 3 percentage point floor.
Electronic Health Record adoption	72% <i>Metrics & Scoring Committee consensus</i>	Minnesota method with 3 percentage point floor
Follow up after hospitalization for mental illness	70% <i>2014 national Medicaid 90th percentile</i>	Minnesota method with 3 percentage point floor
Mental, physical, and dental health assessments for children in DHS custody	90% <i>Committee consensus</i>	Minnesota method with 3 percentage point floor ²
Patient Centered Primary Care Home enrollment	Goal: 100% of members enrolled in Tier 3 PCPCH	N/A – measure is on sliding scale
Timeliness of prenatal care	90% <i>2014 national Medicaid 75th percentile</i>	Minnesota method

² The 2015 improvement targets for DHS Custody will be based on CY 2014 performance, recalculated to dental assessments. Note the 2014 DHS Custody measure does not include dental assessments; CCO performance in 2014 will be determined only on mental health and physical health assessments.
