Current Date: 02/26/18 Event Date: Team Members:	<b>1: REASONS FOR ACTION</b> <input type="checkbox"/> Go <input type="checkbox"/> No Go <b>Problem:</b> Central Oregonians are suffering and dying from SUDs due to stigma, siloed care, lack of universal screening/identification, and unclear pathways for recovery. <b>Aim:</b> All Central Oregonians with an SUD that enter the hospital system including the ED will receive engagement, treatment, or harm reduction services. <b>Boundaries:</b> All Central Oregonians, tailored based on stages of change, hospital system including the ED.	<b>4: GAP ANALYSIS</b> <input type="checkbox"/> Go <input type="checkbox"/> No Go (Please see attached fishbone diagram)	<b>7: COMPLETION PLAN</b> <input type="checkbox"/> Go <input type="checkbox"/> No Go (Please see attached completion plan)
	<b>2: INITIAL STATE</b> <input type="checkbox"/> Go <input type="checkbox"/> No Go 1. No current universal screening in place for SUD identification at hospitals within Central Oregon. 2. No clear pathway currently exists at hospitals within Central Oregon for SUD identification to specialty SUD care/recovery. 3. Currently SUD care is siloed in Central Oregon hospital and specialty SUD settings.	<b>5: SOLUTION APPROACH</b> <input type="checkbox"/> Go <input type="checkbox"/> No Go 1. If we implement "build hospital and specialty substance use disorder relationships", then we expect more referrals, fewer bouncebacks to the hospital, and an offset of costs. 2. If we implement "enhance warm handoffs to behavioral health treatment providers" then we expect: <ul style="list-style-type: none"> <li>- More successful completed referrals</li> <li>- More screenings</li> <li>- More treatment</li> <li>- More people staying in treatment longer</li> <li>- May show the need for more BH providers</li> <li>- Increased provider satisfaction</li> </ul>	<b>8: CONFIRMED STATE</b> <input type="checkbox"/> Go <input type="checkbox"/> No Go
	<b>3: TARGET STATE:</b> <input type="checkbox"/> Go <input type="checkbox"/> No Go 1. Implement universal screening for SUD identification at 2 hospital departments. 2. Implement a clear pathway for Central Oregon hospitals from point of SUD identification to specialty SUD treatment. 3. Develop relationships between 2 hospital departments and at least 3 specialty SUD providers.	<b>6: RAPID EXPERIMENTS</b> <input type="checkbox"/> Go <input type="checkbox"/> No Go 1. Build hospital and specialty substance use disorder relationships 2. Enhance warm handoffs to behavioral health treatment providers	<b>9: INSIGHTS</b> <input type="checkbox"/> Go <input type="checkbox"/> No Go
