

**RHIP Substance Use & Chronic Pain Workgroup**  
**Deschutes County Health Services (Stan Owen Room)**  
**2577 NE Courtney Drive, Bend**

**Agenda: April 18, 2018 from 4pm-5:00pm**

**Goals**

**Clinical Goal(s):** Create a bi-directional integration approach for people with severe substance use disorders.

**Prevention Goal(s):** Implement a community standard for appropriate and responsible prescribing of Opioids and Benzodiazepines.

**Health Indicators by 2019**

1. Reduce the 3-year rate of overdose hospitalizations due to any drug in Central Oregon to 35 per 100,000 population (2012-2014 rate: 40.27 per 100,000 population)
2. Identify costs saved in Central Oregon due to properly assessing, treating, and referring individuals with moderate-to-severe SUDs.
3. Reduce the percentage of adults who had 4 (women) 5 (men) drinks of alcohol on one occasion in the past 30 days from 15.3% to 13% (non-age adjusted 2012-2015 Central Oregon rate from BRFSS data).
4. Reduce the percentage of 8th and 11th graders who binge drank alcohol one or more time in the past 30 days from 7.9% and 24.6% to 5% and 20% respectively. (2014 Central Oregon rate from Student Wellness Survey)
5. Reduce the percentage of 8th and 11th graders who have used any marijuana in the past 30 days from 10.2% and 25.1% to 7% and 20% respectively. (2014 Central Oregon rate from Student Wellness Survey)
6. Decrease the percent of patients on prescription opioid doses  $\geq 90$ mg MED/day for more than 30 consecutive days or more from 15.2% to 5%. (Baseline: 2014 data)
7. Increase the number of completed referrals and feedback loop from medical settings to alternative pain management programs from 0 to 100 referrals yearly. (2014: Zero pain management programs in Central Oregon. Zero is baseline.)

1. **4:00**           **Introductions—All**
  
2. **4:00-4:50**       **Letters of Interest: Embedded Hospital Positions—All**
  - Review Submission(s)
  - Possible Workgroup Member Vote
  - Outline Next Steps
  
3. **4:50-4:55**       **Cross-Pollination/Ideas of RHIP Workgroups—All**
  
4. **4:55-5:00**       **Updates & Action Items—All**

**Next Meeting: May 16, 2018 from 4-5pm (Deschutes County Health Services)**

Bill Ward, CADCI	Serenity Lane
Molly Wells Darling, LCSW	St. Charles Health System

**Request for Letter of Interest (LOI):  
Specialty SUD Organization to House SUD Coordinator and Recovery Mentor Positions Embedded  
within St. Charles Hospital, Bend**

The Central Oregon Health Council's Regional Health Improvement Plan (RHIP) Behavioral Health Substance Use & Chronic Pain workgroup is seeking Letters of Interest (LOI) from speciality Substance Use Disorder (SUD) organizations that have locations in Central Oregon in order to employ and provide support/oversight for two positions that will be embedded in St. Charles hospital in Bend.

The two funded positions and their descriptions are the following:

1. Embedded Hospital SUD Coordinator:

- CADC credentialed provider who can do hospital-based SUD assessments, develop treatment plans, provide brief interventions, and connect patients with appropriate SUD resources in the community
- Skilled in Motivational Interviewing (MI)/engagement of patients
- Comfortable working with physicians/nurses in medical settings
- Clinically astute in the bi-directional relationship of SUD and Medical/Surgical and Emergency Department pathology
- Will work closely with embedded Recovery Mentor (RM) and embedded Behavioral Health Consultant (BHC) psychologist as a behavioral health triad that would be members of the interdisciplinary hospitalist team
- Flexible as to work pace and need to quickly respond to unscheduled clinical issues as they arise in an acute setting
- Able to work with a patient registry/census to pro-actively identify patients for engagement and consultation
- Consult to rest of treatment team on patients even without face-to-face assessments (using available clinical information from the hospital's Electronic Medical Record (EMR) and collateral resources)
- Extensive familiarity with regional SUD treatment resources

2. Embedded Hospital Recovery Mentor (RM):

- State certification as a Recovery Mentor
- Continuous sobriety for at least immediately preceding two years in an independent living setting
- Valid driver's license
- Good communication skills
- Ability to get along with others from a variety of backgrounds
- Ability to document in an EMR

- Familiarity with a variety of SUD treatment programs/resources
- Work closely with the CADC (SUD Coordinator) and BHC psychologist as part of a behavioral health triad that that would be members of the interdisciplinary hospitalist team
- Connect patients with resources in the community, including transportation if needed, with a “warm hand-off” being optimal
- Follow-up with patients after discharge from hospital, in-person and telephonically, as part of an on-going outreach and engagement continuum of care

To apply, please send a LOI confirming that your organization can employ and support/oversee these two positions that will be embedded at St. Charles hospital in Bend.

- LOI are due by April 17, 2018.
- Awarded entity will be notified by May 1, 2018.
- Awarded entity and COHC staff will work together to complete the required application to release funds.
- The two positions must be hired and ready to begin working with the embedded Bend hospital Behavioral Health Consultant (BHC) by July 1, 2018.

In your LOI, please confirm the following:

- Your agreement to recruit, hire, and work with responsible St. Charles staff to embed the SUD Coordinator and RM with the qualifications listed above into the St. Charles hospital location in Bend.
- The two positions will be hired by July 1, 2018.
- The positions will support referrals to specialty SUD care based on the personalized needs and best interests of each patient, and will not necessarily be referred to the organization that employs the SUD Coordinator and RM positions.
- A budget summary to employ and support/oversee these two positions for two years (7.1.18-6.30.20).
- Any additional documentation you think would be helpful for us to have.

Please submit any questions and a LOI no later than April 17, 2018 to:

## **RHIP Workgroup Updates: January 2018**

### **Behavioral Health: Identification & Awareness (Support: Rebeckah Berry & Mike Franz)**

- This group meets the fourth Tuesday of every month from 8:15-9:15am and currently has 16 members.
- In January, the group continued their A3 process with the aim of identifying and engaging 100% of individuals in Central Oregon that have a behavioral health need, and ensuring an effective and timely response. The workgroup is hoping to gather baseline data from seven more clinics in the region before they vote on their first A3 experiment. This data will be collected and reviewed at February's meeting.

### **Behavioral Health: Substance Use and Chronic Pain (Support: Rebeckah Berry & Laura Pennavaria)**

- This group meets the third Wednesday of every month from 4-5pm and currently has 22 members.
- In January, the group continued their A3 process with the aim that all Central Oregonians with a substance use disorder who enter the hospital setting, including the ED, will receive engagement, treatment, or harm reduction services. The group is redefining their initial and target state objectives for their A3 and are currently narrowing down their potential experiments through a prioritization survey. The workgroup will vote on their first experiment at their February meeting.

### **Cardiovascular Disease—Clinical (Support: Rebeckah Berry & Shiela Stewart)**

- This group meets the fourth Tuesday of every month from 4-5pm and currently has 11 members.
- In January the group began developing the details of their first A3 experiment which focuses on clinical outreach and engagement to promote youth/family tobacco cessation. The group's A3 was presented to Ops and their A3 received enough support for them to access their funding. The group is currently working through steps to have regional youth action councils review tobacco education materials that the workgroup will disseminate to clinics throughout the region.

### **Diabetes—Clinical (Support: Rebeckah Berry & Shiela Stewart)**

- This group meets the second Thursday of every month from 9-10:30am and currently has 12 members.
- In January, the group continued the development of their second algorithm that focuses on supporting primary care in the management of patients with A1cs >9. They hope to finalize this algorithm in February. The group also notified participating A1c Point of Care (POC) clinics to begin ordering their POC equipment and schedule a time for training before the 3.31.18 deadline.

### **CVD & Diabetes: Prevention (Support: MaCayla Arsenault, Sarah Worthington, & Steve Strang)**

- This group meets the fourth Tuesday of every month from 3:30-5pm and currently has 13 members.
- In January, the workgroup discussed next steps for the Rx to Move pilot at Mosaic Medical and began their second A3 around nutrition.

## **RHIP Workgroup Updates: January 2018**

### **Oral Health (Support: Donna Mills & Mary Ann Wren)**

- This group meets the third Tuesday of every month from 11-12pm and currently has 24 members.
- In January, the Oral Health Workgroup heard a presentation from Kat Mastrangelo, Executive Director, Volunteers in Medicine, relative to a pilot they ran with older adults. The outcomes were striking and the group is very interested in authoring an A3 specifically around this population. There was also a review of a proposed MOU with Oregon Oral Health Coalition, which requests that the workgroup take the lead on a 'chapter' in Central Oregon. A meeting will be brokered with Donna Mills, Mary Ann Wren and Heather Simmons to discuss intent and objectives. The meeting held further discussion relative to the current A3 and Heather Simmons presented a couple of pilot ideas. An agreement was reached to create a couple of subgroups to further determine the details of possible RFPs.

### **Reproductive Health/Maternal Child Health (Support: Donna Mills & Muriel DeLaVergne-Brown)**

- This group meets the second Tuesday of every month from 4-5pm and currently has 22 members.
- In January, the Reproductive Maternal Child Health continues to move through their unintended pregnancies A3. The meeting held feedback on some researched campaigns. Next steps include two specific subgroups around data and focus groups.

### **Social Determinants of Health**

- This group meets the third Friday of every month from 10:30-11:30am and currently has 27 members in Milestones to Health and Education and 24 members in Housing.

#### **Milestones to Health & Education (Support: Donna Mills & Desiree Margo)**

- In January, the workgroup reviewed the operational structure of the workgroup, and the subgroups provided updates on their progress (Literacy, Social & Emotional Supports, Access to Integrated Services, and TRACES).

#### **Housing (Support: Bruce Abernethy, Elaine Knobbs-Seasholtz & MaCayla Arsenault)**

- In January, the workgroup discussed proposals aimed to stabilize and transition the chronically homeless in both Sisters and Prineville.
