Meeting ID: 852 0154 9389
Passcode: 908502

Friday, January 20, 2022
10:30am-12:00pm

Future State Metrics

1. By December 2023, decrease the combined severely rent and mortgage burdened households in Central Oregon by 2 percentage points to 16%.
2. By December 2023, 50% of Housing Choice Vouchers (HCV) holders will be able to find and lease a housing unit.
3. By December 2023, a comprehensive system for accurately capturing the extent of Central Oregonians experiencing homelessness will be in place and utilized.

AGENDA

10:30 - 10:45 Welcome & Announcements
10:45 - 11:30 Implementation Plan
   • Neighborhood Partnerships: Residents Organizing for Change – Reyna Gillet and Rebekah Markillie
11:30 - 12:00 Debrief, Info Sharing, Next Steps

Google Slides: https://docs.google.com/presentation/d/1NFn88z5gXBzUMGFy_EyuxF9F4kji841Gulu-TFlOkg/edit?usp=sharing

Budget: https://docs.google.com/spreadsheets/d/1Gw9dL6ilRe1olGhJRMloXg9pEUofJ-KzU5Wnc8BbEX8/edit?usp=sharing
Land Acknowledgment

We recognize and acknowledge the indigenous land on which we live, work, learn, play, and grow. This is the land of the Warm Springs, Wasco, Northern Paiute, Tenino, Klamath, Molalla, and Yahooskin. We acknowledge them as the past, present, and future caretakers of this land. It is on their traditional land that we partner to improve the health and well-being of Central Oregonians. We aspire to be good guests honoring the concept in the Warm Springs culture: “This land is for you to know and live upon and pass on to the children.”

Stable Housing & Supports

RHIP Workgroup Virtual Meeting
Regional Health Improvement Plan (RHIP) Workgroup

Guiding Principles

Shared Focus
We come together to improve the health and well-being of individuals living in various and diverse communities throughout Central Oregon region. We use the Regional Health Improvement Plan (RHIP) as our guide. It is our region’s shared vision of current problems and our aims. As workgroup partners we develop agreed-upon actions to solve the issues and keep the needs of our communities as the main focus.

Shared Metrics
We measure progress, process and outcomes through a shared lens. We use the Regional Health Assessment (RHA), Regional Health Improvement Plan and community dashboard.

Partner with Priority Populations
The individuals living in our diverse Central Oregon communities are the center of our work. We make every effort to include people from every part of the region in our workgroups, discussions, processes and decisions.

Collaborate to Solve Complex Issues
Inviting diverse perspectives from throughout the Central Oregon region deepens our shared understanding of complex issues and propels us toward better progress and outcomes. We practice frequent, structured, open communication to build trust, assure shared objectives, and create common motivation. We respect the privacy and sensitivity of information partners share.

Coordinate Collective Efforts
We are made up of diverse partner organizations and individuals with unique strengths, skills, and resources. We coordinate our efforts and use our unique strengths and skills to meet the goals of the RHIP.

Learn and Adapt Together
We embrace shared learning and a growth mindset. We create a space that allows for mistakes, failures, second changes, and a celebration of brave attempts. We adjust and apply our learnings to the complex and changing landscape of health and well-being in Central Oregon.
Stable Housing and Supports

### Background: Why are we talking about this?

| 1990s | Mill Closures / Timber Industry Decline  
Federal Housing Policy  
Housing shortage  
The Great Recession  
Wage Vs. Housing Costs  
Single Income Households |
| 2000s | Population Growth in Central Oregon  
Housing shortage  
Wage Vs. Housing Costs  
Single Income Households |

Stable, healthy housing is a basic need. Insecure housing and an unhealthy living environment impact both physical and behavioral health conditions. By spending much of their income on housing, individuals and families must cut corners on other living expenses such as food, transportation, and medications, which can also significantly influence their health outcomes and overall well-being.

### Current Condition: What’s happening right now?

- In 2017, 18% of Central Oregonians paid more than half of their income for rent and mortgage
- In Central Oregon, minority households experience more housing challenges than their white counterparts
- Central Oregon has a critical shortage of supportive housing units to meet the needs of people with disabilities, with co-occurring mental health or substance use disorders, and/or extended history of homelessness

**Current State Metrics:**
1. In 2017, 18% of Central Oregon households were severely rent or mortgage burdened
2. In 2018, only 30% of Housing Choice Voucher holders were able to find and lease a housing unit
3. No system to determine an accurate number of those experiencing homelessness exists in Central Oregon

### Goal Statement: Where do we want to be in 4 years?

**Aim/Goal**
Central Oregonians experiencing homelessness and those most at-risk of homelessness will have increased and equitable access to housing and supports that offer opportunities for stability and increased individual well-being.

**Future State Metrics - By December 2023:**
1. Decrease severely rent and mortgage-burdened households
2. Increase Housing Choice Voucher holders able to find and lease a unit
3. Accurately capture Central Oregonians experiencing homelessness

### Analysis: What’s keeping us from getting there?

- Inaccurate and accurate assumptions reduce acceptance of diverse housing
- Housing cost & supply outweigh wealth & income
- Uncoordinated common advocacy goals, problems & efforts
- Inconsistent disjointed & inaccurate systems of data collection
- Housing is considered a commodity not a human necessity
- Prohibitive income & background requirements

### Strategic Direction: What are we going to try?

- Creating and increasing housing resources and opportunities
- Developing and implementing advocacy strategies for housing policies and zoning
- Aligning efforts across systems to address the housing crisis and homelessness
- Educating the public to increase understanding and de-stigmatize housing needs

### Focused Implementation: What are our specific actions? (who, what, when, where?)

| COIC | Regional Housing Council (Pilot) | 2021-2023 |
| FUSE | Permanent Supportive Housing | 2021-2024 |
| HLC | Housing Case Management Infrastructure | 2021-2024 |

### Follow-Up: What’s working? What have we learned?

(insert)
## Stable Housing and Supports

### Root Cause Barriers: What is blocking us from moving toward our future state measures?

<tr>
<td>• Partner with developers to build affordable housing</td>
<td>• Enforce existing tenant rights regulations</td>
</tr>
<tr>
<td>• Fund Housing Works and EPIC Properties</td>
<td></td>
</tr>
<tr>
<td>• Create incentives for landlords to be more flexible</td>
<td></td>
</tr>
<tr>
<td>• Create a landlord mitigation program to cover liability</td>
<td></td>
</tr>
</tbody>
</table>

**Advocate for Local Zoning**

- Align building of all levels of housing with transportation networks, walkable areas, and food access
- Enact and/or restructure local ordinances and policies to prioritize the preservation of housing
- Inclusionary zoning and restructuring the Construction Excise Tax
- Amend local zoning to allow for variety of housing types
- Local ordinances to prioritize housing preservation and production to serve low and middle income
- Work directly with communities to co-create policies, programs and strategies to ensure that housing interventions are equitable and culturally responsive
- Identify and implement strategies to work collaboratively with organizations whose activities advance health equity and promote health in all policies

**Advocate for State Policy**

- Advocate for more vouchers
- Review the Oregon Housing Alliance 2020 endorsements. Ask them what is a priority in the next legislative session
- Differentiate between advocacy & lobbying

**Creating and increasing housing resources and opportunities**

**Developing and implementing advocacy strategies for housing policies and zoning**
### Collaborate to Serve People Experiencing Homelessness

- Develop partnerships with agencies that serve marginalized homeless populations
- Incorporate people with lived experience of homelessness and housing insecurity into identifying gaps and goals
- Build community coalition capacity to address health inequities related to substance use and mental health
- Collaborate with law enforcement to ensure critical connection for outreach to individuals experiencing homelessness

### Unify our Community Approach

- Need regional housing council group or add more building and landlords to Health Council
- Identify and resource existing housing advocacy groups to be point of contact and lead city/city council housing issues working with state advocacy groups
- Build coordination/partnership/transparency/de-duplicate efforts between regional housing actors (HLC, Housing Works, NeighborImpact, H4A, county, city, COHC)
- Create a regional housing council (Housing 4 All? Reach out to Scott)
- Develop a method for counting that can be used by all
- Better, robust (coordinated) continuum of care/data collection “HLC”
- Which system works best? Then consolidate, streamline, create centralized dashboard. Have an entity that holds this and funds this.
- Involve relevant stakeholder to update regional 10-Year Plan to End Homelessness. Assess gaps & include tangible goals & responsibilities
- Identify and implement strategies to assure more diverse representation on local committees
- Ensure that members of this workgroup have access to information about current needs (are metrics still relevant?)

### Education to increase understanding and access

- Education campaign about vouchers
- Education/Info campaign for landlords/property management groups about the benefit of HUD vouchers
- Provide culturally appropriate training, engagement and education for landlords and housing service providers
- Develop a PR campaign about vouchers

### Educate the Public

- Develop forums and other opportunities to educate elected officials and other decision-makers on the housing crisis and the nexus between insecure housing and health
- Build awareness of existing affordable housing policies, projects, and what various funding sources are currently used for (ESG, SHAP, HOME, Sec. 8, CoC, CDBG, LIHTC, etc.)
- Identification of commodity, education campaign about housing as expensive commodity
