The Central Oregon Health Council encourages persons with disabilities to participate in all programs and activities. This event/location is accessible to people with disabilities. If you need accommodations to make participation possible please call (541) 306-3523 or email macayla.arsenault@cohealthcouncil.org

Land Acknowledgement

We recognize and acknowledge the indigenous land on which we live, work, learn, play, and grow. This is the land of the Warm Springs, Wasco, Northern Paiute, Tenino, Klamath, Molalla, and Yahooskin. We acknowledge them as the past, present, and future caretakers of this land. It is on their traditional land where we partner to improve the health and well-being of Central Oregonians. We aspire to be good guests honoring the concept in the Warm Springs culture: "This land is for you to know and live upon and pass on to the children."

Community Advisory Council (CAC) Meeting Changes: What to Expect

We want the CAC to be a warm and welcoming place for all. We want to ensure all CAC members feel comfortable to fully participate and contribute. To do this we are making some adjustments to how our CAC meetings are run. These changes are:

- Making the meetings less institutional and formal to create a warmer and more welcoming atmosphere. Examples are using more plain language, having more conversations and less presentations, and simpler voting instead of motioning.
- Renaming each attendee in Zoom with their role; either a CAC Member, Support Staff, or Guest. This will help easily identify who's who in the virtual space especially for guests and those members who are new.
- Asking all supporting staff from COHC, PacificSource, and the OHA to share why they are attending and what their role is in supporting the Community Advisory Council.
- Inviting all CAC members in attendance to share input during discussions and before decisions are made. We want to prioritizing Consumer Representatives and make sure all voices are heard. Guests in attendance are invited to contribute to the conversation when requested by the CAC Chair or Vice Chair.
- Building relationships between CAC members. We will be setting aside time at each meeting for CAC members to go into a virtual break out room, answer icebreaker questions or chat about anything they'd like.

Introductions

- Brad Porterfield welcomed all attendees. To save time at the meetings, only CAC members and those who are new, changed roles, or guests will verbally introduce themselves. Everyone else will use the Chat to enter their name and role.

Land Acknowledgement

- Tom Kuhn read the Land Acknowledgement (see the meeting packet for statement).

Meeting Practices

- Brad Porterfield reviewed the Meeting Practices and how the CAC meetings are meant to be welcoming for all (see the meeting packet).

Public Comment/Patient Story

- Brad welcomed public comment.
- Stacy Shaw shared the experience of a friend who was denied coverage of their diabetes blood sugar monitor. They had taken out a loan to purchase the first device but believes a new one should be covered under OHP. The suggestion of filing an appeal was brought forward and Kristen Tobias offered to connect this person to a care navigator.

Approval of August Meeting Notes

- Brad Porterfield asked the CAC members in attendance to vote on approving the notes from August. There were no objections to the meeting notes, so they are approved.

CAC Member Small Group Breakout Session

- The topic for the September meeting was: What are your initial thoughts/feelings about the social event and combined meeting?

CAC – Board Combined Meeting Debrief

- CAC members provided feedback on the August social event and combined meeting with the Board of Directors. Overall, the CAC members enjoyed the social event and thought that it was a great way to continue to build relationships with the Board of Directors members. There were mixed feelings about the combined meeting. Some CAC members felt that there was a dominant presence that may have quieted others during the conversation and there were missed opportunities for more discussion. Other CAC members thought that it was the most productive combined meeting so far.
- The action plan that came out of the meeting was:
 - Adding time to the Board of Directors monthly meeting for a CAC report out.
 - CAC and Board to identify one issue to work on.
 - Build a process around the issue.
 - Make a process plan and timeline.

Community Health Projects – Northern Klamath application review and decision

- Macayla Arsenault led the discussion on which Northern Klamath applications would be funded. After reviewing the scores and additional discussion, out of the 5 applications there were 2 projects that were selected to receive funding.
